

# Experienced Swimmers and Lifeguards needed!

## Work with children in a summer camp in the USA

Are you, or have you been, involved in swimming or lifeguarding in New Zealand? CCUSA wants YOU to work in a summer camp in the USA lifeguarding or teaching swim lessons and other skills to boys and girls aged 5 – 15 years of age.

- ✓ **Yes!** I have solid swim, swim teaching or lifeguard experience
- ✓ **Yes!** I am aged 18 – 30 by June 1st
- ✓ **Yes!** I am available for nine weeks from mid-May through late August
- ✓ **Yes!** I have skills to share with children and love working with them
- ✓ **Yes!** I am ready for the summer time of a life!

The swim program varies between camps but generally involves 1 – 2 instructors per 8 – 10 children. Waterfront staff are in charge of making sure all campers have gone through appropriate briefings to ensure safety throughout their swim period. Days consist of 4-5 classes a day where besides working at the pool you will also be scheduled to participate/help in other daily programs. Lifeguards will be in charge of patrolling areas to ensure safety of campers and staff at all times (including swim lessons, water-based activities such as kayaking, pool parties etc). Swim instructors will be teaching beginner, intermediate and advanced groups swim skills, as well as organising fun activities such as relay races for campers. Although not a main part of your job your duties will also include maintaining equipment and facilities on a daily or weekly schedule.

Besides camp placements, we also provide insurance, orientation meetings, access to great flight deals through the CCUSA Travel Department, and assistance with applying for the J1 visa in addition to all the other elements of our cultural exchange program. We recommend budgeting roughly \$3500 to cover the costs of the program (program fees, flights, visa etc). All counselors receive a fixed amount of pocket money (depending on age and qualifications) as well as free meals and accommodation included in their camp contracts!

Applications open in  
September every year.
