Technical Certificate

- This form is to be completed and sent to ASA office for licensing only when the General Criteria for meet ratification as listed below is not met.
- If all criteria as listed below have been met, please use the SNZ meet approval form to ensure the meet can be registered in the SNZ database.

Meet Title						Session	
Venue						Date	
ASA Level	1	2	1 / 2	2 / 3	Other	Length of Pool	

General Criteria for all meets

1   Referee, National/Auckland qualified

2   Judge of Stroke, Auckland qualified

1   Starter, National/Auckland qualified Starter

6   Inspectors of Turns

- Generally 1 per 2 lanes, both ends - including a maximum of 2 trainees, Auckland qualified or better.
- In 8 and 7 lane pools, 6 qualified IOTs & 2 trainees. In 6 & 5 lane pools, 4 qualified IOTs & 2 trainees

3   Timekeepers per lane with a minimum of 1 Auckland qualified or better TK for manual meets

2   Timekeepers per lane with a minimum of 1 Auckland qualified or better TK for electronic meets

I,
being an Auckland/National qualified referee, can verify that the criteria were not met. Results from this meet cannot, therefore, be used for qualifying for SNZ national meets and North Island Championships or applying for Auckland and New Zealand records. Results from this meet can be used for entry to Auckland meets and advancing through the Auckland level system
Referee signature:

Note:
A copy of this certificate should be attached to the results which go to the ASA Office.

LIST OF TECHNICAL OFFICIALS

- **To be completed by the Meet Controller - 1 sheet for each session.**

Please list the **_Name and Club_** of each Technical Official on the pool deck for each session and have the form signed by the Referee for that session.
